

**Do you want more  
knowledge, music, friends and future?**

## **International Sirius-minor 'Your identity in Europe'**

**September 2010-February 2011 for high talented students  
at  
Hanze University Groningen, the Netherlands**

Young people are growing up in a turbulent world and it's hard to become who you are.  
That's why we've developed the international minor 'Your identity in Europe'  
for high talented students at the Hanze University Groningen.  
The minor is one of the results of the European project  
To-Gather (2005-2011)

### **Seven reasons to follow the minor**

- 1** You may develop a 'multiple choice identity' in a 'multiple society' by opening the senses towards the self, the other and your future profession.
- 2** You may gather highly qualified knowledge about 'the multiple society' and the cultural heritage ('Bildung').
- 3** You may learn in an innovative way through music, different learning styles and disciplines.
- 4** You may do research about your own future profession through 'real life learning' and 'lifelong learning'.
- 5** You may communicate and cooperate with other students from the minor, the Hanze University, Europe, Northern Africa and the Middle East.
- 6** You may feel committed to values and norms inside the framework of human rights.
- 7** You are welcome when you are a bachelor students (year 3/4), an international student at the Hanze University or a student in Europe, Northern Africa or the Middle East (EMUNI-network). Also Master and PhD-students may join the minor.
